**ANC7S Active Noise Cancelling Bluetooth® Headphones**

Designed and engineered in Silicon Valley USA, These active noise cancelling bluetooth headphones represent outstanding value for money with brand name equivalent performance. We thoroughly recommend trying these in one of our stores as they will amaze you with their audio performance, especially given the affordable price tag!

The ANC7S headphones keep out unwanted noise from your listening experience with these active noise cancelling headphones. They're compatible with Bluetooth 4.0 with a transmission distance of up to 10 meters. You also have the option to use the included 3.5mm audio cable making it an ideal choice for in-flight entertainment. The headphones feature a 20Hz to 20KHz frequency range, delivering a powerful, full-bodied sound.

Designed for convenience and travel these headphones are super light and feature a pillow-like softness of the earmuffs so you can be in comfort while on for the go or for long listening periods. They run on a 400mAh battery and provide up to 18 hours of playing and talk time with up to 120 hours of standby time.

Offers up to 12 hours use with noise cancelling turned on - and fast 2.5 hour recharge.

Includes soft carry pouch.

**True Wireless ANC Bluetooth® 5.0 Ear Buds**

With wireless charging built into the case for easy cable free recharging.

True wireless earbuds with the latest in active noise cancelling circuitry for immersive sound in noisy environments. Pull them out of the case and they automatically connect to your phone for instant listening for up to 4 hours. The touch sensitive controls allow play/pause and track controls, plus access to Siri/Google voice assistant and phone call control. The case provides up to 3 recharges for the earbuds and can be recharged via Qi wireless charging pads. On iOS devices noise cancelling, transparency mode and ear detection settings are all accessible in Bluetooth options. Includes charging cable and 3 pairs of silicon ear tips.

**True Wireless Bluetooth® 5.0 Ear Buds**

Includes lithium battery bank case to extend listening time from 3 hours to 9 hours or even charge your phone!

No headphone jack on your new phone? No worries! These new 'true wireless' bluetooth earbuds are perfect for exercise - they're sweat resistant, light weight and provide 3-4hrs of listening time. Great alternative to Apple AirPods! Includes charging case and replacement earbuds. Easy to operate with touch control built into the earbuds, allowing you to answer/end, hold and transfer calls, play/pause music etc. Bluetooth 5 offers excellent audio quality, connection reliability and speech clarity when using for phone calls. Compatible with virtually any Bluetooth device, including Android and Apple iOS devices.
