

REDBACK® **PUBLIC ADDRESS MEGAPHONES**

A 1978

A 1980A / A 1982A

Product Overview

A 1980A:
 Traditional hand held “megaphone”. Suitable for school carnivals, conventions, demonstrations etc. Includes electronic siren for gaining instant attention. Light weight and easy to use. Can cover a distance of up to 100m. Output power 12W continuous, 18W maximum. Requires 8 x C size batteries (not included).

A 1978:
 Same as A 1980A, but with curly cord hand held microphone, shoulder strap and integral desk stand. Requires 8 x C size batteries (not included).

A 1982A:
 Similar in operation to A 1980A but is fitted with an alert/evac tone generator. The required function (alert/evac/megaphone) is selected via a toggle switch and is activated by pressing the trigger. The charger circuit is powered by an AC plug pack (included) & an internal charger which allows the unit to be powered by (optional) rechargeable batteries. It requires 15 hours to fully charge totally flat batteries. Requires 8 x C size batteries (not included), see page 196. SPL = 116.2dB at 1W/1M @ 1kHz.

1 Year Warranty.

Key Features

- 18W internal amplifier.
- Powered by 8 x C size batteries (not included).
- High efficiency voice coil driver diaphragm.
- Lightweight and simple to operate.
- Internal alert/evac tone generator (A 1982A only).
- In-built charging circuit for use with Ni-MH rechargeable batteries (A 1982A only).

Specifications

Batteries:8 x C size batteries
Charging power supply:9V DC
Range:Up to 100m in ideal conditions
Weight:≈2.1kg
