Wall Mount Open 19" Rack Frames

Fast assembly rack for audio & comms installations.

An open frame 19" rack system designed for wall mounting equipment up to 300mm deep. Ideal for combinations of patch panels, security and audio equipment. The flat mounting plates can be attached to the wall surface using standard fasteners. These racks can be mounted to the wall in a server room, office, or above a doorway, expanding your workspace and keeping your equipment easily accessible.
