▼ Hot Air Guns

Iroda® HG-350 Hot Air Gun

A high output butane powered hot air gun with two nozzle attachments for a wide variety of domestic and trade uses. After pressing the one-click automatic ignition the gun outputs hot air up to 550°C. It is ideal for heatshrinking, bending and forming of plastics, paint and solvent removal, auto body and interior repair, general heating and drying. The integrated collar provides protection for your hand plus the ability to stand the gun horizontally on a workbench. It includes a blower deflector attachment and a smaller squared nozzle. Included is a refillable 160g bottle which offers 3 hour run time between refills (refills with standard butane gas, T 2451).

Features • Automatic one-click ignition • 450-550°C • Integrated hand collar and desk stand • Deflector and square nozzle attachments • Refillable 160g butane bottle • 3 hour run time.
