Adjustable Hole Saw 40mm - 300mm

Features twin cutting blades for a perfect cut!

This adjustable cutting tool features impact resistant transparent cowling for simple operation. The cowling ensures that waste during operation is captured while the spring loaded cutting arm prevents movement for added safety. Cutting depth up to 25mm by a single cut or alternatively 50mm is possible by drilling both sides. Perfect for cutting holes in plasterboard, plywood, acrylic sheet, etc. (Not suitable for metal). Suits both battery and electric drills with a standard 3/8" (10mm) chuck.
