## Wireless Access Points

## Indoor Ceiling Mount Wireless AP

High performance ceiling mount wireless access point for general corporate Wi-Fi. Free EAP Controller Software lets administrators easily manage hundreds of CAPs. Supports PoE. Dual 3dBi internal antennae. Auranet software control allows administrators easy management.

**Features** • AC1750 dual band • Easy to mount on ceiling surface • Passive PoE • Software controlled • Captive portal for wi-fi guests • Rate limited per SSID • Load balancing • WPA/WP2-enterprise • Multi SSID support • AP and standalone AP modes • SSID to VLAN Mapping • FIT/FAT modes

Price Each	RRP
D 4383 450Mbps / 1300Mbps (CAP1750)	235.00

## TP-Link Warranty

All TP-Link® products are covered by a three year manufacturer warranty. See the TP-Link website for more information.

## Outdoor CPE Wireless Access Points

These high performance directional wireless antennas are suitable for 2.4GHz or 5GHz networks. Featuring a revolutionary 2x2 high gain antenna design and weatherproof enclosure for outdoor pole mounting. 300Mbps. Dimensions: 224 x 79 x 60mm.

**Features** • 2x2 dual-polarized directional MIMO antenna • Adjustable power • 15km long range • AP / client / repeater / AP router / AP client router (WISP) operation modes • Outdoor stabilized enclosure with IPX5 waterproof • Dual ethernet ports and grounding terminal • 6000V lightning protection • 15KV ESD protection • Passive PoE adapter supports up to 60m.

Price Each	RRP
S 9738 9dBi 2.4GHz CPE210	89.00
S 9740 13dBi 5GHz CPE510	115.00

## Indoor Ceiling Mount Wireless AP

High performance ceiling mount wireless access point for general corporate Wi-Fi. Free EAP Controller Software lets administrators easily manage hundreds of EAPs. Supports PoE.

**Features** • 300Mbps (S 9745), AC1350 MU-MIMO (S 9747) or AC1750 (S 9749) • Easy to mount on ceiling surface • Passive PoE • Software controlled • Captive portal for wi-fi guests • Rate limited per SSID • Load balancing • WPA/WP2-enterprise • Multi SSID support • AP and standalone AP modes • SSID to VLAN Mapping • Band steering to 5GHz

Price Each	RRP
S 9745 300Mbps (EAP110)	65.00
S 9747 450Mbps / 867Mbps (EAP225)	158.00
S 9749 450Mbps / 1300Mbps (EAP245)	199.00

## Wireless N Access Points

This wireless access point is designed to establish or expand a scalable high-speed wireless N network. Ideal for connecting multiple ethernet enabled devices to a wireless network. Plugpack included.

Price Each	RRP
D 4278A 450Mbps (TL-WA901N)	66.00

## Omnidirectional Wireless Antenna

Mini antenna with 90° adjustable base. 2.4GHz.

Price Each	RRP	3+	5+
S 9722A 5dBi SMA	20.75	18.95	17.25

## 3G/4G Modem Routers

## 4G+ Cat6 Wireless AC Modem Router

**With inbuilt 4G modem.** Supports the 4G+ Cat6, which is a carrier aggregation technology to boost data speeds up to 300 Mbps. Plug your SIM card and enjoy HD movies, downloading files in seconds, and smooth online gaming. Gigabit Ethernet ports. Requires SIM card. Includes power supply.

Price Each	RRP
D 4356 ARCHER MR600	329.00

## 3G/4G Wireless N Modem Router

**With inbuilt 4G modem.** Achieve download speeds up to 150Mbps over 4G LTE networks. 802.11n wireless local network up to 300Mbps with four wired ethernet ports. WAN connection allows it to be used as a back up for your regular DSL modem. Requires SIM card. Includes power supply.

Price Each	RRP
D 4266 (TL-MR6400)	215.00

## Portable 3G/4G Wireless N Router

By connecting a 4G USB modem to this compact box you can create an instant shareable 300Mbps Wi-Fi hotspot. Ideal when travelling to areas where Wi-Fi coverage may not be available. Power by a laptop USB port. Compatible with most USB LTE modems.

Price Each	RRP
D 4290 (TL-MR3020)	49.95
