Low Power Smart Battery Wi-Fi Camera

new for 2019

Includes both magnetic ball & screw mount brackets.

An instant security camera, anywhere you need it. Powered by an internal lithium battery pack, this camera provides 4-6 months of CCTV recording in 960p resolution. When you need to recharge, the camera simply pops off the magnetic wall mount and plugs into any standard micro USB charger. In-built motion detect recording helps to record the important events, whilst extending battery life. Motion events can send push notifications to your phone when you're not at home. Suitable for use in sheltered outdoor locations. Size: 54W x 114D x 82Hmm.

Features • 2 x 18650 replaceable batteries • Ultra low power design • Two way audio • 166° wide angle lens • iOS/Android monitoring app • 2.4GHz Wi-Fi connection • Day/night mode with IR LEDs • 960p footage recording • PIR motion detection • Magnetic & screw mount bases included • SD card slot

1080p Scouting Surveillance DVR Camera

new for 2019

Lower Price

Inside features LCD for footage review.

Featuring 1080p video and 12 megapixel (interpolated) still shot function. Ideal for recording full motion video footage or photo snapshots to an internal SD card*. Powered by 8xAAA batteries, it is suitable for use in remote locations - even when exposed to the weather! A built in PIR sensor triggers recording when movement is detected. Video clip duration can be set between 2s to 30 minutes. An LCD screen in the rear of the unit allows viewing of recorded footage and photos in the field - no need for a PC! Ideal for trail scouting, wildlife/livestock monitoring and hunting enthusiasts. *SD card not included.

Features • 12 megapixel (interpolated) still shot • 1920 x 1080 (1080p) resolution recording • Time/date stamping • Includes strap & bracket • Auto infra-red cut • Low stand-by power (<0.3ma) • 0.6 trigger time • Day/night operation with 20m IR range • Adjustable sensitivity • IP54 rated • Up to 32GB SD card compatible.
