T3 Solar Powered 3 In 1 Robotics Kit

Build this kit into not one but 3 solar-powered robots! Includes detailed instructions to assemble all the included parts which can then be rearranged into a robot, scorpion or tank. All versions use the included solar panel which will perform different movements when placed in the sun. A great introduction to solar power and electronics. No soldering required.

Price Each	RRP	4+	10+
K 1118	31.95	28.95	25.95

Salt Water Fuel Cell Buggy Kit

A V8 powered buggy that runs on salt water! No batteries required. This kit features a detailed engine with moving cylinders and crank shaft. Adjustable height suspension twists as it navigates its way over obstacles. Learn about alternative energies that may power the cars of the future. Includes 3 fuel cell sheets. Can be assembled in a few hours.

Price Each	RRP	2+	4+
K 1122	28.50	25.65	22.80
K 1142 Spare Fuel Cells 5 pack	6.95	6.30	5.60

Salt Water Fuel Cell Motorcycle Kit

An environmentally friendly motorcycle powered by a salt water fuel cell. A great way to learn about alternative energy ideas. No batteries required! Includes 3 fuel cell sheets. Approx length 130mm. Can be assembled in under an hour. Ages 8 and up.

Price Each	RRP	2+	4+
K 1111	29.95	26.95	23.95
K 1140 Spare Fuel Cells 5 pack	6.95	6.30	5.60

Salt Water Fuel Cell Spider Kit

This creepy crawly spider uses a salt water reactive fuel cell to power its legs. Just by adding some salt water to the cell plate, the spider will begin to creep around. A great way to learn about alternative energy ideas. No batteries required! Includes 3 fuel cell sheets. Can be assembled in under an hour. Ages 8 and up.

Price Each	RRP	3+	6+
K 1116	19.95	17.95	15.95
K 1140 Spare Fuel Cells 5 pack	6.95	6.30	5.60

Salt Water Fuel Cell Car Kit

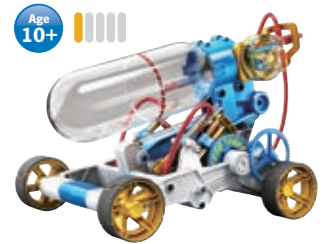

An environmentally friendly mini car powered by a salt water fuel cell. A great way to learn about alternative energy ideas. No batteries required! Includes 3 fuel cell sheets. Approx length 75mm. Can be assembled in under an hour. Ages 10 and up.

Price Each	RRP	3+	6+
K 1120	19.95	17.95	15.95
K 1140 Spare Fuel Cells 5 pack	6.95	6.30	5.60

Air Powered Car Kit

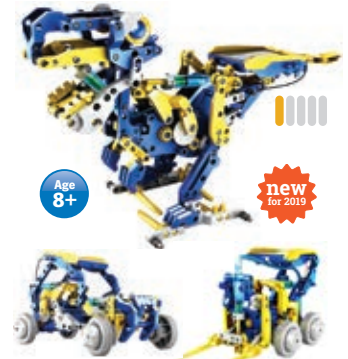

This air powered car requires no batteries, electric motor or any conventional fuel to make it drive. Includes an air pump which fills the air chamber with compressed air. Then release the car and watch it take off and travel up to a distance of 50m in around 35 seconds. No soldering or special tools required for assembly. A great way for kids to learn about physics and alternative energy sources.

Price Each	RRP	2+	4+
K 1135	32.50	29.25	26.00

12 In 1 Solar / Hydraulic Construction Kit

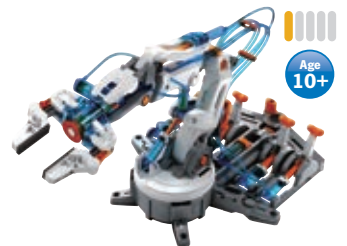

Build this kit into not one but 12 different projects. Transform the parts into 12 different forms within the categories Automotive and Animals. Automotive (Buggy, Obstacle Avoiding Rover, Excavator, Forklift) and Animals (Elephant, Pterosaurs, Monkey, Ostrich, T-Rex, Crocodile, Scorpion, Dog-Walker). Allow your children to gain knowledge about construction, solar power and alternative energy. With the power of solar energy the 12 forms can move in direct sunlight encouraging children to play outside. No batteries required.

Price Each	RRP	3+	6+
K 1149	39.95	35.95	31.95

H2O Water Powered Hydraulic Robot Arm Kit

This lever controlled robotic arm kit uses the power of hydraulic forces to twist, turn and grab! Lifts up to 100gm objects. Fun to assemble and use, this educational kit teaches kids about physics principles and robotic motion. Requires no batteries or motors! No soldering or special tools required for assembly.

Price Each	RRP	2+	4+
K 1136	59.95	53.95	47.95

6 In 1 Robotic Solar Education Kit

Hours of fun for the kids! A great way to learn about electronics and solar power. Each kit can be assembled into one of 6 educational (and fun!) devices - windmill, hover craft, airboat, revolving plane, car and puppy (pictured). And because it's solar powered, there are no batteries to worry about! Includes easy to follow instructions and all parts. No soldering required.

Price Each	RRP	4+	10+
K 1104	22.95	20.75	18.50
