NiMH Sub C With Tags

Ideal for replacing battery packs in power tools.

Price Each	RRP	4+	10+
S 4750A Sub C 3300mAh	12.00	11.45	10.90

Low Discharge NiMH Rechargeable Batts.

Low discharge Ni-MH batteries ready for use straight out of the pack. Not suitable for fast chargers. Hold up to 85% capacity even when unused for 12 months.

Price Per Pk	RRP	4+	10+
S 4704A AAA Pk 4 900mAh	11.95	10.85	9.95
S 4708A AA Pk 4 2300mAh	23.95	21.75	19.25

Lithium-Ion Rechargeable BL-C5 Cell

Otherwise known as a Nokia phone battery. This is a common replacement for many consumer devices. Also can be built into compact projects. 3.7V.

Price Each	RRP	4+	10+
S 4712 1050mAh	10.95	9.85	8.75

Battery Terminal Covers

Made from flexible PVC these covers protect and insulate battery terminals on SLA and automotive batteries. Size refers to terminal end opening.

Price Each	Cable Entry	RRP	4+	10+

Automotive Battery Box (27M Type)

A plastic battery box (27M style) to suit 90-100Ah batteries. Includes strap. Outer size: 410L x 245L x 265Hmm (including lid & handles). Inner size: 330L x 195W x 200Hmm.

Price Each	RRP	4+	8+
T 5095	24.95	23.50	21.00

Powerhouse® Sealed Lead Acid Batteries

Premium commercial grade, long life and maintenance free sealed lead acid batteries. Cells are fully sealed to prevent leakage of electrolyte. Applications include security systems, medical equipment, UPS and NBN backup units. Excessive temperatures over 65°C can affect the ABS battery casing. SLA batteries should be used in well ventilated conditions. Not for use in engine bays. S 5124D is a deep cycle battery.

IMPORTANT NOTE ON SLA BATTERIES
Beware of substantially cheaper SLA batteries of the same Ah rating. In most cases these batteries are very inferior with low grade internal plates and construction. Many of these inferior units weigh substantially less than our commercial grade models as they use less lead in the plates.

6V Models
