

Television Brackets

“Picture Frame” Screen Bracket

This unique bracket design allows your television to be mounted almost flush with wall - just like a framed picture would! The included wall plates are first mounted to the wall. The reinforced steel cable is then mounted to the television. Installation is simply a case of hanging your TV up like a picture. Includes a metal loop which props your TV for easy connection.

VESA Mounting Information

VESA mounting interface standard (MIS), also known as Flat Display Mounting Interface(FDMI) allows standardised mounting methods for flat panel displays. Consult your manufacturer manual to find which of the following applies to your monitor or television:

| Designation | Bolt Pattern | Approx. Weight |
|-------------|------------------|----------------|
| MIS-D 75 | 75x75mm | 8kg |
| MIS-D 100 | 100x100mm | 14kg |
| MIS-E | 200x100mm | 22kg |
| MIS-F M6 | 200x200mm | 50kg |
| MIS-F M8 | 200x200mm and up | 113kg |

Screen sizes listed are a guide only, before purchasing ensure your screen meets criteria for mounting dimensions and weight. All weights subject to use of appropriate wall fixings. If in doubt, get a professional to install your bracket.
