

Comfort Fit Bluetooth® 5.0 Headphones

Long haul ready! Up to 15 hours listening time.

These fantastic wireless Bluetooth 5.0 headphones are sure to impress both in sound and comfort. Offering a well rounded sound with plenty of presence and clarity thanks to the quality drivers employed - plus added noise isolation from the thick padded ear pieces. The lithium batteries provide up to 15 hours listening time (at 50% volume), meaning you can get through even a long haul flight without the need to recharge. You also have the option to use the included 3.5mm audio cable making it an ideal choice for in-flight entertainment (P 0318 plane adaptor may be required). Perfect every day commuter headphones, they even fold up for easy stowing in your bag. 10m Bluetooth range.

Headphone Adaptors

3.5mm Plane Bluetooth® Transmitter

Owners of Bluetooth headphones know the frustration of not being able to use them with an airplanes in-flight entertainment system. This adaptor solves this issue by transmitting plane audio to your Bluetooth headphones. The dual jack design can be converted to a single jack for use with tablet based entertainment systems and other devices. Recharges via USB, and offers 4-5 hours listening time.
