Port	USB type A
Audio ports	<ul style="list-style-type: none">• 1x 3,5mm audio jack output• 1x 3,5mm jack microphone input

3 Product details

4 Functions

Depending on the audio signals, the system detects the direction from which the sound originates. It converts the sound into a more realistic 5.1 surround sound effect.

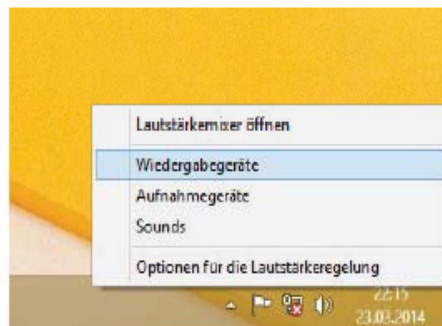

5 Getting started

Please remove the USB sound card from its packaging and connect it to an available USB port of your personal computer. Because of "Plug and Play" this can be even done during operation.

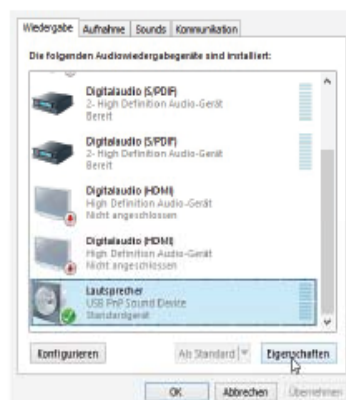

The driver installation will complete automatically. In order to use the surround sound feature, please follow the instructions in the next chapter.

6 Activating 5.1 Surround Sound function

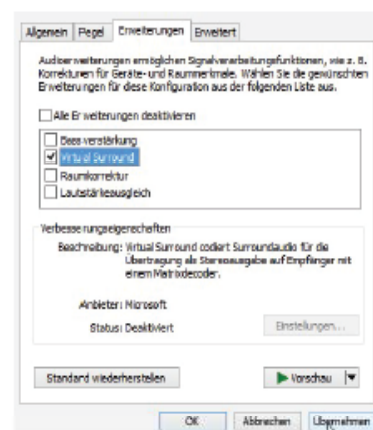

Open the sound setting by a right-click on the speaker icon in your taskbar and select "playback devices".

After that, please select "USB PnP Sound Device" and click on "properties".

Please activate the option "virtual surround" in the menu "extensions" and confirm it by clicking "apply" in order to take full advantage of all of the functions of the sound card.

7 Safety instructions and liability disclaimer

Never try to open the device to carry out repairs or conversions. Avoid contact with mains voltages. Do not short-circuit the product. The device is not certified for use in the open air; only use it in dry conditions. Protect it from high humidity, water and snow. Keep it away from high temperatures. Do not subject the device to sudden changes in temperature or heavy vibration as this might damage electronic components.

Examine the device for damage before using it. The unit should not be used if it has received an impact or has been damaged in any other way. Please observe national regulations and restrictions. Do not use the device for purposes other than those described in the instructions. This product is not a toy. Keep it out of the reach of children or mentally impaired persons. Any repair or alteration to the device not carried out by the original supplier, will invalidate the warranty or guarantee. The product may only be used by persons who have read and understood these instructions. The device specifications may change without any separate prior notice to this effect.
