

# PA Application | General Retail Music System (Low level BGM)

- Line Level RCA/3.5mm Stereo
- Figure 8 two core cable
- 100V Line Speaker Cable

If Bluetooth connectivity is required, smartphone may be replaced with a Bluetooth streaming adaptor such as Altronics A 1109 40W amplifier with a maximum of 30 Watts load (at full power taps). If using lower taps or lower wattage speakers, a different amplifier may be substituted.
